Information and Computer Technology – 30 Hour Course

Course Objective

The Information Computer Technology course combines theoretical and practical studies focusing on the ability to use common software applications, including Word Processors, Spreadsheets, Databases, Interactive Presentation Software, E-mail, Web Technologies Concept and Programming Languages Like C,C++,Visual Basic and Python with E-commerce Concepts and Communication skills .

Students will develop a greater awareness of how applications are used in the workplace, and consider the impact of new technologies on methods of working and on social, economic, ethical and moral issues. The skills learnt will be useful to them in their work across the curriculum, and will prepare them for future employment.

Assessment of the practical tests is hardware and software independent. Any hardware platform, operating system, and applications packages can be used, providing that students have the opportunity to demonstrate the full range of skills in the syllabus. To reflect the importance of communication in the modern work place and leisure time.This course will utilize the College's learning management system as well as Computer Lab instruction to accomplish the course objectives.

We expect each student to spend approximately 6 hours of time on this course per Month.. One of the main aims of ICT is to help students to become competent and confident users who can use the basic knowledge and skills acquired to assist them in their daily lives.

It is also supposed to prepare students for the world of tomorrow. It aims to help learners to have an open and flexible mind. This will help them to adjust to the inevitable future changes. One example is the integration of ICT across the curriculum as ADD ON COURSE.

It also aims to allow the public to easily access the necessary information over the Internet. It also aims to help students become well-cultured citizens of the modern world. Another social objective of ICT is to facilitate good communication between the students, thus promoting better social understanding.

PROGRAMME OBJECTIVES, STRUCTURE AND CONTENTS

Objectives

This programme aims to introduce the concepts of Hardware, Software, Multimedia and Internet technologies. Also, included is a laboratory course where the student gets hands on experience. The main objectives of ICT are to:

- Develop algorithms and flowcharts for problem solving
- Introduce various aspects of Computer communication and Networking
- Discuss the role of IT in various fields such as Business, Governance, Education and Medicine
- Introduce the concept of Information System
- Discuss the latest trends in IT including legal and ethical issues
- Discuss the basic principles of Internet and Multimedia
- Search for information on Internet
- Experiment with MS-Windows and databases
- Develop and execute programs using C,C++ and Python language
- Create Web Pages and discuss issues related to its design
- Introduction to DBMS

Programme and Course Structure:

The programme for 'Information and Technology' consists of three levels:

☒ LEVEL -1 CERTIFICATE

☒ LEVEL -2 DIPLOMA

☒ LEVEL -3 ADVANCE DIPLOMA

Duration of the Programme:

☒ 30 HOUR COURSE For Each Level .

☒ Every Month 5 Hours will be given for Practical and Theory Sessions(45 MIN lecture twice in a week)

☒ Maximum Duration for each level will be 1 year and Any year Student can join this but course will be start from level -1 only

The evaluation methodology for ICT programme consists of (i) Project and (ii) Term End Examination.

A student of ICT needs to secure at least 45% marks in Project and term end examination separately in a course to be declared successful in that particular course. This requirement is applicable for all the LEVELS of ICT. Evaluation Pattern for Theory & Practical Examination.

Courses Project: Max. Marks 50 (Only one Project for each course)

Term End Examination: Max. Marks 100

Practical & Viva Voce: - Max Marks 50

Duration of Term End Examination: 1.5 hours (Theory) + 1.5 Hour (Practical and Viva)

Depending on the percentage of marks secured by a candidate who has passed, the divisions will be awarded as follows:

Merit Above 85%	A+
First Division (75%-85%)	A
Second Division (60%-75%)	B+
Third Division (50%-60%)	B
Passed 45% above	PASSED

The University has adopted, a letter grading system on a five-point scale for reporting the students' performance in a programme. The letter grades and their qualitative levels are as under:

Letter Grade	Qualitative Level	Point Grade	% of Raw Marks
A	Excellent 75% and above	B	Very Good 60% but less than 75%
C	Good 50% but less than 60%	D	Satisfactory 40% but less than 50%
E	Unsatisfactory 1		Below 40%
