SHAHABAD MARKANDA-136135

Report

The IQAC cell organized an extension lecture on 25 May 2018 on the topic of "**Intellectual Property Rights**", in the Science department of the college, for faculty members and students. Dr. Rahul Taneja, Scientist-D, Dept. of Science and Technology, Panchkula, Government of Haryana was the resource person on this occasion. Dr. Jawahar Lal, Co-ordinator IQAC introduced the chief guest to the college fraternity. The College Principal, Dr. Ashok Kumar, welcomed the chief guest. Dr. Taneja motivated the students to develop curiosity in order to know about the events happening around them; they can imagine, think and invent nascent knowledge, which is a primary stage for any kind of invention. In his lecture, Dr. Taneja spoke on significance of Patents and the mode to register them. Patent means any innovative invention which can be registered against the name of the inventor. He conveyed that innovative work in any field related to tools, preparation of organic compounds, medicines, products etc. can be registered for Patents. He also elaborated the fields in which one can work and pursue for the same. Patent requires an extensive script on the work/process undertaken by the inventor and, later, submission of the same to the Dept. of Science and Technology for its grant. The students of the college raised many relevant questions to Dr. Taneja and he satisfied all the students with patience. In this program Prof. Harpal Singh, Dr. Vinod Kumar, Mr. Ishan and Mr. Shashi Kant were also present. The program ended with vote of thanks delivered by Prof. Harpal Singh.
