REPORT OF THE ONLINE EXTENSION LECTURE ON INTELLECTUAL PROPERTY RIGHTS HELD ON MAY 2, 2020

On May 2, 2020, the IQAC of Markanda National College, Shahabad Markanda, organized an online extension lecture on "Intellectual Property Rights" for the staff members and alumni. This event was conducted through Google Meet platform during the nationwide COVID-19 lockdown period.

The chief guest for the lecture was Dr. Rahul Taneja, a scientist from the IPR Center, Department of Science and Technology, Panchkula. The Principal of the College, Dr. Ashok Kumar, welcomed the chief guest and highlighted the importance of the topic, stating that this lecture would be beneficial for those involved in writing or entrepreneurial activities as it provides insights into protecting their intellectual property.

During his lecture, Dr. Taneja elaborated on various aspects of intellectual property rights, including copyrights, patents, and the registration process for brand names or company names. He provided detailed information to the participants on safeguarding their creative works and innovations.

The event was attended by staff members, and former students of the college participated online. Dr. Jawahar Lal compered of the session. Dr. Ajay Kumar Arora provided technical assistance during the online event.

The lecture aimed to create awareness about intellectual property rights and guide the participants on protecting their intellectual assets in the current digital age.
